Steve, Roxanne, or Rich,

Our web people continue to have issues with the Navy's attempt to make these documents 508 compliant.

In order to expedite the review of this, can you post these documents to your website ASAP? I am assuming you do not have the same 508 compliance issues that we have.

Thank you

David, Bill, Bonnie,

The Navy has resubmitted the Section 6&7 Scope of Work/Workplan and has attempted to make it 508 compliant. They included a screen shot from Adobe showing that it passed the accessibility check (see "AdobeCheckerScreenshot.jpg"). I also ran an accessibility check using Adobe and came up with a couple of issues (see "Revised Section 6&7 Accessibility Check Pallarino.docx").

Is this document close enough to the mark to allow us to load to the website?

Morning Bob,

Sorry, file was still sitting in my outbox due to our size limits. As discussed, it passed the Adobe 'Accessibility' full check which I believe your web folks also use. Please let me know if they have any issues or potential different standards that we need to be aware of. Thanks!

V/R,

John
